

Rekai Centre, Cherry Place Campus of Care

Project Update

July 2026

Multiplex Construction Canada is delivering this project for The Rekai Centres providing long term care services to 348 residents and medical services for the community.

ABOUT THE PROJECT

General Contractor:
Multiplex

Design Architect:
Montgomery Sisam

Owner:
The Rekai Centres

PROJECT OVERVIEW

- The Rekai Centres at Cherry Place is more than a long-term care home, it is a 270,000 square feet, 13-storey forward-thinking Campus of Care that integrates healthcare, holistic care, inclusivity, education and community connection.
- All set in the beautiful Waterfront community, just steps from the Corktown Commons Park.
- From providing culturally sensitive services to offering innovative healthcare solutions, and establishing immersive learning opportunities, the Rekai Centre at Cherry Place will set a new standard for senior care.
- The long-term care home will include a dialysis clinic, designated floors for residents living with dementia, and an education centre offering hands-on training for new Personal Support Workers, Registered Nurses, and other healthcare workers.

PLEASE NOTE

There will be noise, dust and vibration associated with the construction of this project. Multiplex has a comprehensive control plan in place to mitigate the impact of construction on the community and will ensure all work is within acceptable levels and meets the requirements of all applicable by-laws.

MULTIPLEX

Built to outperform.
